## ABOUT THE CONFERENCE

Bangladesh is absolutely one of the fast growing markets in the world and an emerging player in the world industry who contribute a great amount to the economy.

This 2 day mega conference will bring together the industry professionals & experts from across the raw material & plastics recycling industries and create a platform for trade, networking, knowledge sharing and innovation.

Your active participation provides admission to the largest concentration of plastics recycling related exhibits in Bangladesh conference theatres – each with a busy two-day program of technical presentations, seminars, workshops, booth, industry debates and exclusive networking events.

### **The Audience:**

More than 500 attendees from different industries such as: Packaging Industry | FMCG | Healthcare | Additive Raw Material | Recycling Machinery & Equipment | Local & Multinational companies including Government, Non governmental organizations & UN SDGs organizations. From around the world and in support of 'Post Corona virus Actions' - Business opportunity & scale up the Green Environment Initiatives; it will be helping Brands & People Engagement in a new level for mutual benefits.

## KEY HIGHLIGHTS

- RAW MATERIAL AVAILABILITY ● RESOURCES ● LOCAL WASTE COLLECTION SYSTEMS
- GROUND REALITY OF PLASTIC WASTES IN BANGLADESH
- CIRCULAR PLASTICS ● ZERO WASTE ● EPR

## CONFERENCE OBJECTIVES

- ◆ Circular Plastics & Waste Management Systems
- ◆ GHG Emission & Recycling Raw Materials
- ◆ New Product & Process Innovations & Technologies
- ◆ Networking and business opportunities
- ◆ Know how of Plastic Recycling & Waste Management
- ◆ Bringing out the best of decisions and thoughts of industry professionals
